

## Vertical Summit Technical Certification Training

Are you ready to sell the new Vertical Summit?

With the official launch of the latest addition to the Vertical family of value-added UC systems just a few short weeks away, be sure you're ready to heat up your summer sales season by getting certified on the new Vertical Summit!

Here's what you need to know and bring to class:

**Class:** One-day Vertical Summit Technical Certification Training session

**Time:** 8 am – 5 pm (lunch provided)

**Who Should Attend:** Sales Engineers, Technicians

**(Note: Each Dealer must have a minimum of one (1) technician complete certification to sell Vertical Summit)**

**Class Size:** Each session is limited to just 12 participants, so sign up now!

**What You Get:** Mandatory training and certificate (suitable for framing) to be able to sell and service the Vertical Summit!

**What You Need to Bring:** Laptop/tablet running Internet Explorer v. 10, Chrome, or Firefox, and old-school notepad and pen.

**What You'll Learn:** How to install and program the Vertical Summit, including mobility solutions (Communicator for Andorid and iOS, and new Vertical DECT wireless solution)
