ONEMount™

Introducing A Profound Innovation in Mounting Technology

With a unique patent-pending design, The OneMount™ Flat Panel Modular Wall Mount available only from Peerless® provides the perfect solution for all projects.

Keeps screen safe.
Safety tabs prevent screens from sliding off wall plate.

Set it and forget it.
Ergonomic tension handle makes it easy to lock in any angle without requiring the use of any tools.

Perfect alignment made quick and easy.
Locks from +15/-5° increments. Makes it easy to set multiple screens at specified angles with confidence and without guesswork.Tamper resistant once positive locking screw is locked in place

Let's you center a screen even if the studs aren't centered. Continuous rail design allows adapter brackets to be adjusted across the entire wall plate.

Saves you installation time.
Just loosen the screws and extend adapter brackets. No hardware to remove, no fussing with loose screws.

Room to reach behind the screen.
-5° tilt gives you up to 4 inches of room, making it easy to plug in cords.

Gives you more flexibility in placement.
Generous port size gives you greater leeway in establishing placement over outlet. Large enough to handle almost any cord arrangement, even over a four-way gang box.

No need to keep track of keys or combinations.
Quick-to-install security and standard screws are included. Perfect for commercial or residential installations.

1 1-plate configuration for screens **23"-37"**

2 2-plate configuration for screens **32"-50"**

3 3-plate configuration for screens **50"-84"**

Prepares you for any situation.
It's the first and only universal flat panel mount that offers landscape and portrait mounting. (portrait supports up to 50")

Get the best view everytime.
One-touch continuous tilt of +15/-5° makes it easy to adjust the screen for the best view.
