About Hikvision

The foundation of our business is cutting-edge technology: high-definition IP and Analog cameras, hybrid, Plug and Play and standalone DVRs, NVRs, PTZ domes, network switches, encoders, and decoders, phone apps, VMS software, Central Management Systems, Monitors, and Latest technology innovations like AI Deep Learning algorithms.

Fortified by one of the largest R&D teams in the video surveillance industry, the innovation behind these products combined with our outstanding team members and partners has made Hikvision the No. 1 video surveillance equipment provider in the world, according to global research firm IHS Markit. A total solution provider, Hikvision manufactures a full suite of video surveillance products and solutions for a broad range of vertical markets including retail, education, healthcare, critical infrastructure, enterprise and many others. Whatever the scope or requirements of the application, Hikvision has a user-friendly, highly scalable solution, and a support team to help our integrators meet their customers' needs.

HIKVISION AT-A-GLANCE			
No. 1 Physical Security Solution Provider in 2016 A&S		1,300 PATENTS GRANTED	20,000+ EMPLOYEES
			9,300+ R&D ENGINEERS
6 R&D CENTERS GLOBALLY	No. 1 Video Surveillance Equipment and Solution Provider Globally from 2011-2016 IHS MARKIT		ISO/IEC 27001 CERTIFIED INFORMATION SECURITY MANAGEMENT
63 BRANCHES GLOBALLY			2001 ESTABLISHED
150+ COUNTRIES SELLING HIKVISION PRODUCTS AND SOLUTIONS			

Architects & Engineers Partners

Hikvision has a dedicated team of security industry professionals who focus solely on supporting and educating the A&E and consultant community about Hikvision products and solutions. Covering the entirety of North America both in the US and Canada, this seasoned group works alongside our sales organization to offer the resources required by the A&E community, including BIM modules, A&E specifications, design tools, and design support. Additionally, the A&E team manages Hikvision's online A&E portal to provide quick access to the resources needed by our partners in the A&E community.

Dealer Partners

It's an exciting time to partner with Hikvision. As the world's leading video surveillance manufacturer, we take a team approach to winning business, working alongside our partners through the entire business cycle. You can rely on our extensive field support team, which is staffed by knowledgeable professionals. Their goal is to help our integrators fortify and grow their businesses.

Our efforts support our mutual success through product selection, sales, technical training, engineering, installation and post-sales support.

We invest heavily in R&D, hundreds of millions of dollars per year, to supply the market with reliable, secure and innovative technology with unmatched value. We believe that's the best game plan to provide Hikvision dealers with a competitive advantage out in the field.

Hikvision goes the extra mile to provide customers with all of the resources they need for a first-class security system. Hikvision's Dealer Partner (HDP) program and A&E program provide additional resources for dealers, architects and engineers to promote business success through knowledge and valuable tools. Hikvision is committed to creating and protecting business value for its customers and partners.

To learn more about our partner programs, please contact us at partners.usa@hikvision.com.

Real Support Adds Value for Integrator Partners

Hikvision has a highly experienced team of sales, engineering and technical support professionals that understand the unique needs of their local and regional SMB and enterprise markets. They are on the ground, in local markets, and available to back up our integrators when they need them.

HEALTHCARE

Healthcare customers want scalable, cost effective and efficient solutions that can solve security and technology challenges in a sometimes chaotic and stressful environment. Hikvision has an extensive range of cameras, recording platforms and solutions that fit any type of application, scenario or environment. Patient monitoring, emergency rooms, pharmacies, specialty departments, and restricted areas are all critical zones that require reliable security equipment. Just as we depend on healthcare providers to keep us well, integrators can depend on Hikvision's solutions to ensure the security of healthcare facilities.

EDUCATION

Hikvision offers an unmatched product selection designed to protect educational facilities, students and faculty, all at a value that budget-minded school districts need. High-resolution cameras offer excellent image quality with high value for a market-leading price. Image enhancements, such as wide dynamic range and high definition video, make our products well suited to capture remarkable detail in exterior and interior settings. Our DarkFighter Low Light cameras provide school districts with clear video footage, even after the lights are turned off and staff and students have returned home.

CRITICAL INFRASTRUCTURE

Hikvision's Smart Series and Specialty cameras have features and performance that are ideal for critical security installations, with resolutions of 12 MP, 8 MP (4K), 6 MP. DarkFighter and LightFighter provide clear images in any lighting condition. Stainless-steel, high impact and weather-rated cameras withstand harsh environments. Hikvision Thermal standard and bi-spectrum camera systems provide advanced solutions for perimeter, temperature monitoring and fire detection. Built-in smart analytics provide pre- and post-event details. Data recording and storage products keep records safe and ready for forensic research.

RETAIL

Shop and restaurant owners as well as nationwide retail chains gain peace of mind using Hikvision's high performing products to manage loss prevention. These products also provide business intelligence data to give retailers important insight into business operations and new revenue-generating opportunities. In each camera category are compact bullet, turret, dome and covert varieties, which provide discreet surveillance in attractive packaging. POS integration, heat mapping, and special counting cameras provide significant business information. Data collected can then be managed through Hikvision's smart recording equipment.

Enterprise Solutions

Hikvision is a global organization that supports the enterprise market with sophisticated products, consistent quality, a supportive dealer program and worldwide distribution. We have dedicated teams that work with architects, engineers and consultants to provide support throughout the sales process, from pre-design to installation, including technical and warranty items. This facilitates our partners' growth and meets the demand for excellent service from the global enterprise customer.

Learning & Development

Our Learning and Development Team provides designers, integrators, installers, and end-users with effective learning tools and certifications that enable them to meet today's rapidly changing technical challenges. From essential understanding of terminology to comprehensive knowledge of surveillance solutions, the Hikvision Online Learning Center offers industry-tested online and instructor-led training in a supportive environment.

Technical Support

Hikvision strives to provide industry-leading technical support to our North American customer base via phone, chat and online resources, including how-to videos. From product installation questions, technical troubleshooting and firmware upgrades, dedicated telephone support personnel will guide you through the resolution of any issue.

Hikvision USA and Hikvision Canada Technical Support:

Toll-free: +1-866-200-6690 (U.S. and Canada)

Phone: +1-909-895-0400

Email: techsupport.usa@hikvision.com

Online: tech.hikvisionusa.com

Hikvision Unauthorized Distributors Policy

Hikvision USA Inc., and Hikvision Canada Inc. (Hikvision USA and Hikvision Canada), sell products only through authorized distributors. We value our industry partners and are proud of the relationships we have developed to help expand the use of our innovative technology products and solutions. Hikvision's authorized distributors serve as an important link in the Hikvision USA and Hikvision Canada value chain by providing excellent pre- and post-sale customer service, including firmware updates and sales engineering support.

Not every distributor advertising Hikvision products has been authorized by Hikvision USA or Hikvision Canada to advertise or sell those products. We warn potential customers against purchasing products from unauthorized distributors. Unauthorized distributors may be selling products that are counterfeit, used, have modified firmware or are otherwise damaged. The Hikvision warranty is void, per company policy, on any product that is not purchased through a Hikvision USA or Hikvision Canada authorized distributor.

Purchasing through authorized Hikvision USA and Hikvision Canada distributors ensures that you receive the benefits of technical support, project registration, dealer loyalty programs and advance replacement of any camera, recorder, monitor, video server, or software, in addition to Hikvision USA and Hikvision Canada's full warranty. Additionally, products purchased through authorized distribution partners have additional customized features and capabilities that distinguish the North American offering.

If you have any questions or concerns about the official status of your Hikvision distributor before your purchase, please contact Hikvision USA and Hikvision Canada Customer Service at csr.usa@hikvision.com to confirm their authorized status.

Thank you for your continued support of our industry-leading video surveillance products.

Professional Solutions

The Smart Pro IP solutions are an analytics-rich option for professional applications. Enriched with Hikvision Smart technologies, Hikvision's Smart IP cameras, Smart PTZ Dome cameras, and Smart NVRs are designed to deliver intelligent security for the modern marketplace. The Smart series delivers technology for high performance and enterprise applications. Whether you're securing a large campus facility or small business, you will find the most advanced products in the Smart Pro IP product range.

DeepinMind NVR

iDS-9632NXI-H8/16S

Capable of detecting and recording subjects identified as human objects. It eliminates false detections of irrelevant movement in the surroundings and animals or other non-human objects.

DarkFighterX Camera

DS-2CD5028G0/E-HI5

This series camera has an innovative dual sensor design: one sensor for IR imaging that guarantees image brightness, the other sensor for visible light guarantees vivid color. The camera then combines the two images formed by different spectra into full Color in extreme low lighting of 0.001 lux.

DarkFighterX PTZ

DS-2DF8225IH-AELW

One of the most feature-rich PTZs in the Hikvision lineup, this unique camera system builds on the foundation of the DarkFighterX true day/night camera, features a 25x lens with rapid focus and 200m IR capabilities for 0 lux environments. The dual sensor design produces industry-leading color low light imaging down to 0.001 lux, advanced and improved Smart Tracking, and the full PTZ Suite of Hikvision analytics. The camera also supports H.265+ and Region of Interest Encoding, making it the ultimate solution for the most demanding applications.

COMPACT DOME

07. DIFFERENT FORM FACTORS

Applications vary and we are ready with all the standard form factors: dome, bullet, turret and also unique multi-sensor, counting, fisheye, covert and stainless cameras.

03. SUPER NVR

Meeting all bandwidth and storage utilization requirements, the Smart Pro NVRs support recording of up to 12 MP camera resolution, Ultra High Definition (UHD) output up to 4K, up to 192 TB of storage capacity and H.265+ compression increasing storage space by 50-70 percent.

04. SMART PTZ

The Smart PTZ Dome Camera series features excellent HD imaging, smooth Pan/Tilt/Zoom, long range lenses and IR along with smart tracking functions to ensure the elimination of all blind spots within the camera's area of coverage.

05. DEEP LEARNING

Deep Learning algorithms are being introduced to NVR and camera products to enhance video analytics to over 90 percent accuracy rates, enhancing any security application.

06. CENTRAL MANAGEMENT SYSTEM

Central Management products include the Blazer Express and HikCentral, which are Windows-based devices designed for central management of distributed sites or a large pool of cameras recording on Hikvision NVRs, DVRs, and CVRs.

08. SMART ANALYTICS

Smart Analytics round out the high performance capabilities and include: Human Detection, Line Crossing, Intrusion, Region Entrance, Region Exiting, Unattended Baggage, Object Removal, Scene Change, Sudden Audio Increase/Decrease, Audio Loss, Defocus, Object Counting, Defog and new LPR (License Plate Recognition) technology.

Standards: Complies with ONVIF (Profile S), CGI ASAPI. Contact factory for details.

*Requires rack shelf (not included) to mount in a 19" equipment rack; it is not recommended to rack mount the unit using rack rails and rack ears (not included) due to the weight. Weight without HDD ≤15.86 Kg (31.79 lb)

Deep Learning Technology

Deep Learning technology algorithms are the latest innovation in video image analytic systems. Hikvision leads the way in implementing these algorithms in its new DeepinView Camera series and DeepinMind NVR series of products.

For years, video content analysis software has been promoted as a way to curb false alarms and improve detection and prevention in security applications. To date, most applications have lacked accuracy and reliability. Today's high-speed GPUs dramatically improve the processing of video data and Deep Learning is recognized as the future in technology. Hikvision is leading the way with Deep Learning products that provide users with the most reliable and accurate video content analysis.

Vertical Markets

Applications for this technology include many vertical markets that rely on more accurate and effective solutions to queue and count people, implement crowd control, manage loitering, entry/exit, vehicle management, traffic, parking and license plate recognition. Hikvision is making solutions for all of these scenarios and more with enhanced Deep Learning technology.

HikCentral/iVMS-4200

Taking advantage of this new technology does not mean replacement of existing equipment and systems. Hikvision provides DeepinView cameras that can enhance existing systems. Our HikCentral and iVMS-4200 control systems are able to manage these products. You can add a DeepinMind NVR to your system using the existing cameras on site.

R&D

The added value of Deep Learning products is that they will continue to improve as data is collected and processed through Hikvision's Research and Development teams. Improved accuracy and reliability will be introduced with firmware and software upgrades that take advantage of the newly "learned" subjects and characteristics.

01. HUMAN DETECTION

False alarms from non-human subjects (animals, vehicles, moving trees, changing lighting) are a significant limitation of current video analytics. Hikvision solves this problem with algorithms in cameras and NVRs that will isolate detection of human subjects significantly improving video analysis accuracy and reliability.

02. FACE DETECTION AND RECOGNITION

Facial analytics products have been in use for years with limited accuracy. Today Deep Learning algorithms can increase accuracy up to 97 percent. New methods of facial analysis, massive data collection and testing are being implemented in Hikvision products to ensure accurate face capture. High speed search and recognition analytics will provide immediate identification of subjects.

03. BEHAVIORAL ANALYSIS

Human and vehicle characteristics are more defined, increasing the intelligence of these systems. Hikvision is identifying subject's movement and positioning to help customers prevent crime before it happens. This analytic technology can help identify gender, clothing, such as hats, bags and glasses, as well as car color, shape and model.

Value IP Solutions

For those applications where performance is important and budgets are limited, Hikvision offers its Value Plus and Value Series products. Utilizing some of the Smart Pro features, these products afford more flexibility with reduced feature sets. The latest technology has been implemented in this range including UHD cameras and NVRs, H.265+ compression, EXIR 2.0 infrared and a wide range of high resolution image sensors for varied applications and budgets.

8 MP H.265+ Bullet Camera
DS-2CD2T85FWD-I5

This 4K camera includes the latest H.265+ compression reducing bitrate and bandwidth by up to 70 percent. It includes EXIR 2.0 with a range of 165 feet (50 m).

Plug and Play NVR
DS-7732NI-I4/16P

With up to a 32 channel input and 16 built-in PoE ports, this NVR easily installs and automatically adds connected IP cameras on start-up. Using H.265+ compression and up to 24 TB of HDD space, storage space is never an issue.

2 MP DarkFighter Mini PTZ
DS-2DE4A204IW-DE

This powerful new day/night PTZ brings DarkFighter technology to the Value Series PTZ lineup. Delivering 0.002 color low light images and featuring a 4x lens, the camera is perfect for buildings and facility entrances/exits. The IP66 rating and RCM-DE4A recessed ceiling mount (purchased separately) provides a discreet, environmentally protected installation in outdoor soffits.

01. H.265+ COMPRESSION

Value Plus cameras feature Hikvision's latest compression technology H.265+. This advanced compression captures surveillance video using a decreased bitrate, reducing bandwidth requirements and storage costs. Hikvision's H.265+ is a truly optimized encoding technology based on the standard H.265/HEVC compression, extending the limits of ultra-HD video surveillance applications.

02. RESOLUTION

A wide range of image sensors from 1.3 MP to 2 MP, 3 MP, 4 MP, 5 MP and 8 MP resolution models are available so you can choose the best option for each camera position in your project.

03. EXIR 2.0 TECHNOLOGY

New to the Value Plus range is the improved IR technology EXIR 2.0 which uses the latest manufacturing components and techniques to improve low light performance, efficiency and life-time of the IR device. EXIR 2.0 capability allows better visibility at night.

04. HIGH PERFORMANCE

High performance camera features include 120 dB WDR, IP67 and IK10 protection, Smart Analytics including: Motion Detection, Line crossing detection, Intrusion detection, Unattended baggage detection, Object removal detection and Face detection.

05. PLUG-AND-PLAY

Our popular Plug and Play NVRs provide easy installation and operation. These Value NVRs manage bandwidth and storage with the H.265+ compression technology. High-performance NVRs also support recording of up to 12 MP camera resolution, Ultra High Definition (UHD) output up to 4K and up to 24 TB of storage capacity.

06. KITS

Hikvision introduces its first series of complete recorder and camera kits for single-site applications. The kits contain a recorder and multiple cameras in a single box, suitable for DIY applications such as a residence or a small business. The IP kits will include 4 and 8 channel recorders along with 4 and 6 cameras, respectively.

07. OPTIONS + FEATURES

Value series cameras include important options and features like DarkFighter, EXIR, Pinhole, Fisheye, WDR, extended zoom lens ranges, and high performing PTZs.

Wi-Fi Kits

AVAILABLE SOON

Hikvision is introducing new Wi-Fi Kits complete with recorder and cameras for single-site applications. The kits contain a recorder and multiple cameras in a single box, suitable for DIY applications, like a residence or a small business. The Wi-Fi Kits will include 4 and 8 channel recorders along with 4 and 6 cameras respectively. Contact your factory representative for more information.

IP Kits

Hikvision introduces its first series of complete recorder and camera kits for single-site applications. The Kits contain a recorder and multiple cameras in a single box, suitable for DIY applications like a residence or a small business. The IP Kits will include 4 and 8 channel recorders along with 4 and 6 cameras respectively.

Super Value Kits

I7604N1TA

Includes Four 1080P Outdoor IR Domes, DS-2CD2120F-I (KIT), and one 4-channel NVR, DS-7604NI-EV1/4P (KIT)

I7608N2TA

Includes Six 1080P Outdoor IR Domes, DS-2CD2120F-I (KIT), and one 8-channel NVR, DS-7608NI-EV2/8P (KIT)

Performance Kits

I7604N1TP

Includes Four 4 MP Outdoor IR Turrets, DS-2CD2342WD-I (KIT), and one 4-channel NVR, DS-7604NI-EV1/4P (KIT)

I7608N2TP

Includes Six 4 MP Outdoor IR Turrets, DS-2CD2342WD-I (KIT), and one 8-channel NVR, DS-7608NI-EV2/8P (KIT)

Includes Four 1080P Outdoor IR Domes (DS-2CE56D7T-VPIT) and one 4-channel DVR (DS-7104HQHI-F1/NB)

T7108Q2TB

Includes Six 1080P Outdoor IR Domes (DS-2CE56D7T-VPIT) and one 8-channel DVR (DS-7108HQHI-F1/NB)

Standards: Complies with ONVIF (Profile S and G), CGI ASAPI. Contact factory for details.

*Basic Smart Suite: Counting, ROI, EIS, Defog

TurboHD™ Solutions

Enjoy HD with existing cabling using Hikvision's TurboHD HD-TVI technology that provides high definition (HD) video up to 4K over coaxial cable at distances up to 2,600 feet. Specially designed for analog users who want a high-definition surveillance system, this product line allows users to enjoy HD without upgrading to IP or replacing their existing cabling structures. Delivering impressive image quality, this camera line offers incredibly durable, vandal-proof products with features such as industry-leading H.265+ video compression, OSD menu via Up-the-Coax (UTC), EXIR 2.0 illumination, motorized zoom and focus and 120 dB WDR.

The TurboHD Plug and Play DVR products offer several models scalable for small to medium-sized businesses with 4 to 32 channels. All TurboHD DVRs are tribrid— a true revolution in the professional surveillance market— supporting traditional analog (CVBS), HD-TVI, and IP cameras. Thanks to autosensing technology, installation is extremely easy. These DVR products also provide H.265 and Hikvision's unique H.265+ video compression and up to 48 TB of recording space, with some models supporting 8 TB HDD capacities. DVRs support remote monitoring via iVMS-4200 and the iVMS-4500 app.

**5 MP EXIR
Fisheye Camera**
DS-2CC52H1T-FITS

An analog HD-TVI fisheye lens camera offering 5 MP resolution and a number of virtual PTZ and panoramic views for maximum scene coverage with audio support.

**5 MP Ultra-Low Light
EXIR 2.0 Vandal-Proof
PoC Dome Camera**
DS-2CE56H5T-VPIT3ZE

Our premiere Dome camera offering 5 MP resolution, 2.8 mm – 12 mm motorized varifocal lens, vandal-proof housing, PoC, robust IP67/IK10 environmental protection and UTC (up the Coax) OSD (On Screen Display) of the menu system.

**1080p Ultra-Low Light
EXIR 2.0 Vandal-Proof
PoC Dome Camera**
DS-2CC52D9T-AVPIT3ZE

A premiere dome camera offering 1080p resolution, ULL lux rating of 0.003 @ f/1.2, 2.8 mm – 12 mm motorized varifocal lens, vandal-proof housing, PoC, robust IP67/IK10 environmental protection and UTC (up the Coax) OSD (On Screen Display) of the menu system.

PAGE 51

01. HIGHER RESOLUTION: 5 AND 8 MP (4K)

Cameras and DVR series support higher HD-TVI resolution input and output up to 4K UHD HDMI.

02. BETTER VIDEO COMPRESSION

H.265/H.265+ industry-leading technology reduces bandwidth and storage requirements by up to a factor of 4.

03

03. LONGER VIDEO TRANSMISSION DISTANCES

TurboHD uses HD-TVI technology that provides longer video transmission distances of video and digital data from camera to DVR over standard non-HD video distances.

OUTDOOR BULLET

DVR

07. TRIBRID TECHNOLOGY

The tribrid approach allows DVR auto-detection and instant imaging of standard analog cameras, TurboHD (HD-TVI) cameras, and standard IP cameras.

08. INTEGRATED POWER OVER COAX (POC)

Selected cameras and DVR series support camera power over the video coaxial cable, eliminating the need for individual camera power supplies and providing hot-standby, dual source camera power.

Access Control Solutions

Hikvision is proud to introduce its access control system into the North American market. This product has been used successfully in many other developed markets. It is complete with control panels and battery backup, standalone terminals, a wide variety of card and fingerprint readers, as well as its own bundled iVMS-4200 management software. The system is also integrated into existing Hikvision video surveillance solutions, completing Hikvision's product offerings as a versatile, full-service security system.

DS-K2600 Series Controller

The DS-K2600 series access control panel uses an IP network uplink managed by the iVMS-4200 software. It can support up to four doors, with up to four card readers using Wiegand or eight card readers using RS-485. Complete with fire relay and backup battery power, it is designed to be the core of any professional access control system.

01. VIDEO AND ACCESS EVENT INTEGRATION WITH HIKVISION RECORDERS

With Hikvision's established presence in video surveillance, our access controllers and standalone terminals are easily integrated with our NVRs and DVRs. Upon receiving an access event, the recorder associates it with video recordings to provide searchable event-driven playback. The ability to combine video and access control seamlessly provides the user with complete safety and security.

02. WIEGAND/RS-485 READERS

In addition to supporting standard Wiegand protocols to work with third-party cards and readers, Hikvision controllers and standalone terminals also support propriety RS-485 protocol, used in conjunction with Hikvision readers. This enables simpler wiring, longer distances and a maximum of eight readers among four doors. A complete Hikvision access control solution using RS-485 makes it a preferred solution for convenience and versatility.

03. BUNDLED MANAGEMENT SOFTWARE

A complete Hikvision access control system comes bundled with the iVMS-4200 management software. It is capable of managing all users, permissions and rules for the system. In addition the software functions as a video workstation for Hikvision video surveillance equipment.

01. MANY-TO-MANY COMMUNICATION

Multiple door stations can be programmed to be answered by multiple indoor stations. With up to four doorbells on a single door station, the user decides which and how many rooms can be called when a button is pressed at the door.

02. INTEGRATION WITH HIKVISION RECORDERS

The IP video intercom products take Hikvision's strength in video surveillance even further. Not only is the video stream fully viewable on a Hikvision recorder, doorbell and entry events are also logged on the playback, allowing the user to search the recordings by door and by event.

03. REMOTE CALLING

Fully integrated with the Hik-Connect cloud platform and phone app, an indoor station can simultaneously ring its owner's phone when a visitor is at their door. Regardless of whether the owner is home or not, they are given the ability to answer the call, see the visitor, and open the door with simple taps on their phone.

Video Intercom Solutions

Hikvision's new IP Video Intercom line is a simple yet complete solution for customers in need of two-way audio as well as video verification at a door or entrance. A full system can consist of a video door station such as the DS-KV8102-IM and an indoor station such as the DS-KH8301-WT, each powered by the KAD606-P power and data distributor using Ethernet cables. The user conveniently answers the door at the indoor station and can unlock the door with a simple push of a virtual button on the touchscreen. The system is also fully integrated with the Hik-Connect app to provide the user with full access to their door virtually anywhere, anytime. Combining convenience and versatility, the Hikvision IP Video Intercom system propels a company's interactive video security one step further.

DS-KV8102-IM Door Station

This metal framed door station supports calling of up to four tenants. It is also equipped with a card reader, allowing the user to enter with a simple tap of a key card. It can be flush mounted or surface mounted using a wall mount kit.

POWER & DATA DISTRIBUTOR

	DS-KAD606-P
Model	
Interface number	Eight 10/100 Mbps Interfaces
Interface type	RJ-45, Full/Half-Duplex, MDI/MDI-X Self-Adaptive
Standard	IEEE802.3, IEEE802.3u, IEEE802.3x
Processing type	Storing and Forwarding
Flow control	IEEE802.3x (Full-Duplex), Back Pressure (Half-Duplex)
VLAN technique	Support
Priority queue	4
MAC address list	8K
Internal buffer	1 Mbit
Power supply	24V DC (Power adapter included)
Power consumption	≤8 W
Working temperature	-10° C to 55° C (14° F to 131° F)
Working humidity	10% to 90%, No Condensation
Dimensions (L × W × H)	176 mm × 91 mm × 32 mm (69.3" × 35.8" × 12.6")
Certification	CE, FCC, UL

WI-FI VIDEO DOORBELL

	NA-KB6013-WIP
Model	
Image sensor	CMOS 2 MP HD Colorful Camera
Lens	f1.96 mm, F 2.2
Field of view	180° (Horizontal), 96° (Vertical)
Video compression standard	H.264
Video streaming	Dual Stream
Anti-flicker frequency	50 Hz, 60 Hz
Wide dynamic range	WDR
Audio streaming	Two-Way, Full Duplex
Audio input & output	Built-in
IR	Supply, IR Distance: 5 Meters
Network protocol	TCP/IP, RTSP
Network interface	1 Wireless Interface (Wireless Network Card), Supporting 2.4 GHz
Motion Detection	Supported
Motion Detection Alarm	Supported
TF card	Max. 128 G
Ingress protection level	IP 54
Power supply	16 VAC to 24 VAC, Max. 0.6 A
Working temperature	-30° C to +50° C (-22° F to 122° F)
Working humidity	10% to 90%
Certification	FCC, CE, UL

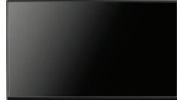

ACCESSORIES

TurboHD™ LOOPING PANEL

Model	DS-1TLP16I
	
Video in	16-ch, BNC connector
Signal format	CVBS, HDTV and AHD
Video out	16-ch, BNC connector
Loop out	16-ch, BNC connector
Signal format	CVBS, HDTV and AHD
Transmission distance	CVBS, 720P: Up to 500 m (input and output cable combined) 1080P: Up to 300 m (input and output cable combined)
Power supply	1 × 12V DC (2-pin connector)/1 × USB
Power consumption	≤ 3.6 W
Operating temperature	-10 °C to +55 °C (14 °F to 131 °F)
Operating humidity	10% to 90%
Dimensions (W × D × H)	315 × 100 × 52 mm (12.4 × 3.9 × 2.0 in)
Weight	≤ 1.5 kg (3.3 lb)

4K MONITOR

Model	DS-D5055UL-B
	
Bezel Material	Metal
Working Time	7x24h
Display Type	LCD Backlight
Screen Size	55"
Pixel Pitch (H×V)	0.315mm*0.315mm
Max. Resolution	3840×2160
Brightness	500cd/m²
Contrast	1100:1
Response Time	8 ms
Color	1.07B(10bit)
Viewing Angle	1233.4 mm×706.8mm
Inputs	2x HDMI, 1x VGA, DVI, CVBS, USB
Outputs	1x CVBS
Audio Input	1 PC Audio-In
Audio Output	Support
Speaker	8Ω, 5W *2
Ratings	CE, FCC
Power Supply	100-220 VAC, 50/60Hz
Power Consumption	≤ 100W (Normal working), ≤ 1W (Standby)
Operation Temperature	0°C ~ 40°C (32°F ~ 104°F)
Operating Humidity	10%~90%
Storage Temperature	-20°C ~ 60°C (-4°F~ 140°F)
VESA Mount	Not VESA compliant 300 mm x 200 mm
Table Mount	TBD
Wall Mount	TBD
Dimension (W×H×D)	1246.93mm×725.23mm×79.9mm
Weight	35Kg

MONITORS

Model	DS-D5042FL
	
Bezel Material	Metal
Working Time	7x24 h
Display Type	LED-Backlit TFT LCD
Screen Size	42"
Pixel Pitch (H×V)	0.4845 mm × 0.4845 mm
Max. Resolution	1920×1080p
Brightness	400cd/m² (Typical)
Contrast	4000:1
Response Time	6.5 ms
Color	16.7 M
Viewing Angle	Horizontal 178°, Vertical 178°
Inputs	1x HDMI, VGA, DVI, BNC, USB
Outputs	---
Audio Input	1, 3.5 mm mini-jack
Audio Output	1, 3.5 mm mini-jack
Speaker	3 W x 2
Ratings	CE, FCC
Power Supply	100-220 VAC, 50/60 Hz
Power Consumption	< 80W (on), < 1W (Standby)
Operation Temperature	0° C to 40° C
Operating Humidity	10% to 85% (No Condensation)
Storage Temperature	-20° C to 55° C
VESA Mount	Not VESA compliant 394 mm x 307 mm
