**NEW MDA200™**

Belonging to our UC Enabler category, the MDA200 headset communication hub allows a corded or wireless USB headset to connect to and switch between calls from both PC and desk phone.  
 MSRP: \$129.95

**Technology Legend**

- A2DP** A Bluetooth® profile that allows high quality audio content to be streamed from one device to another. Listen to streaming media, music and navigation through your headset.
- Adaptive Power** Automatically downshifts to low power when the wireless headset is close to the base to save battery life and maximize density.
- AudiolQ<sup>2</sup>** Keeps calls clear in any environment. Automatically adjusts calls to a comfortable listening level.

- Dynamic EQ** Optimizes voice quality on calls and automatically adjusts EQ settings when listening to music or for multi-media playback.
- Hi-fi Stereo** Full-range dual channel audio playback capable of frequencies from 20 to over 20,000Hz.
- Smart Sensor™ Technology** Built-in sensors deliver automatic functionality like answering a call by placing the headset on and automatically transferring calls between mobile phone and headset.

- SoundGuard®** Acoustic limiting for protection against sounds above 118 dBA.
- SoundGuard DIGITAL™** All the benefits of SoundGuard, plus anti-startle protection which detects sudden increase in sound and eliminates the increase, and Time Weighted Average (TWA) measurement which prevents average daily sound exposure from exceeding 85 dBA.
- Wideband** Frequency range up to 6,800 Hz. Meets TIA-920 standard for genuine wideband response.
