Hear clearly.

Clarity Power™ technology enables loud and clear conversation, allowing much better communication than with a standard telephone.

Easy to see and use.

Programmable one-touch speed dial buttons and a large, high-contrast dial pad make the phone easy to see and use.

Loud and clear.

26 decibels of amplification make this phone twice as loud as a standard telephone.

Features

- Clarity Power™ technology makes calls louder, clearer and easier to understand
- 26 decibels of amplification (with batteries) to amplify sounds up to twice as loud as an average phone
- 9 programmable one-touch speed dial keys make calling loved ones easy for those suffering from Alzheimer's or memory loss
- A large, reverse contrast dial pad makes dialing easy for those with sight or dexterity challenges
- Bright visual ring indicator that flashes to signal incoming calls
- Extra loud ringer (95 dB)
- Ringer pitch and volume controls
- Desk or wall mount options
- Eco-friendly and energy efficient operation
- Hearing Aid compatible

RoHS Compliant
