

## Designed to be used with POS systems in today's server based environment

For more than thirty years, Powervar has continued as one of the leading suppliers of power conditioning uninterruptible power managers (UPMs) for high technology, mission critical, server based Point-of-Sale (POS) systems. The Retail Technology (RT) Rackmount Series is designed with a surge diverter, noise filter and low impedance isolation transformer to guarantee fully conditioned isolated power whether operating on utility or on battery.

- 19" rackmount design
- Product sizes range from 400 VA to 600 VA
- True sine-wave output
- Low impedance isolation transformer and line interactive operation
- User friendly hot-swappable battery
- Meets NEMA, FAA, and DOT guidelines for transportation of UPS batteries
- Let through voltage is less than 10 volts normal mode and less than 0.5 volts neutral-to-ground when tested to ANSI/IEEE C62.41
- Powervar's five-year warranty (two-year on batteries) on parts and labor provides complete peace of mind

North American	Load Current (Amps)	Load Power (VA/Watts)	Input Voltage (VAC)	Output Voltage (VAC)	Frequency (Hz)	Ship Weight (lb)
ABCEG401-11R	3.3/2.6	400/320	120	120	60	35
ABCEG601-11R	5.0/4.0	600/480	120	120	60	38
