

NEW PRODUCT ANNOUNCEMENT!

Mobile Device Charging Stations

Charge, sync, secure and organize all your mobile devices at once!

From education to business, in settings as diverse as the hospital room and the factory floor, mobile devices have transformed every organization. As tablets and laptops multiply, charging and storing dozens of valuable devices in limited space becomes a big headache and an even bigger security risk. Tripp Lite's iPad/Tablet Charging Stations and Chromebook/Laptop Charging Stations put an end to cable sprawl and missing assets. Each station houses up to 48 tablets or 32 laptops while providing high-speed charging, convenient syncing, locking storage and flexible wall, desk or floor placement. Steel cabinets in black or beige blend into any school or office setting.

iPad/Tablet Charging Stations (USB)

- Secure 16, 32 or 48 tablets, including iPad® and Android™ models
- Provide syncing and high-speed USB charging (up to 2.4 amps per port)

Chromebook/Laptop Charging Stations (AC)

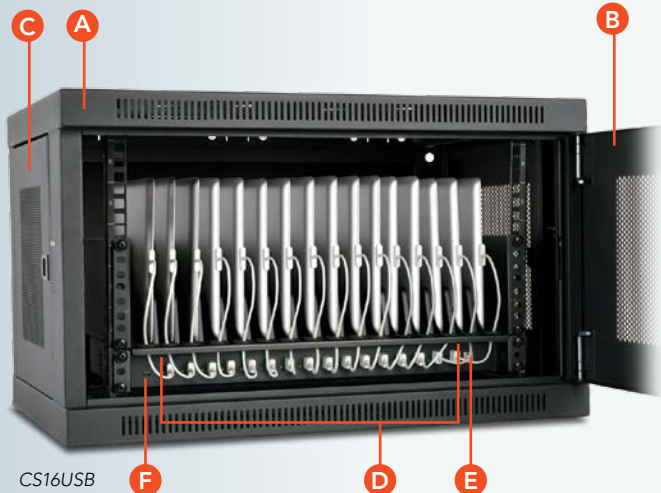

- Secure 16 or 32 laptops, including Chromebook™ and MacBook® models
- Provide high-speed charging with built-in AC outlets for every device
