FLAT PANEL DISPLAY MOUNTING SOLUTIONS

# Ultra Slim FLAT

0.19"  
From the Wall

These ultra slim flat mounts hold ultra-thin flat panel displays closer to the wall than almost any other mounts in the world. They support the look and style of the latest ultra-thin flat panel displays with a lightweight design and superior strength from their all-steel construction. A quick and easy three-step installation with its hook-and-hang design also features a patent pending locking arm design that eliminates the need for vertical brackets and prevents accidental bump-offs and accidental horizontal adjustment. A theft-resistant security screw can also be installed for the ultimate secure application. Available accessories include in-wall boxes and cable management options, making the ultra slim flat mounts an innovative ultra-thin wall mount solution with definitive style.

## 1 SECURE INSTALLATION

Locking arm holds display in place preventing accidental bump-off or accidental horizontal adjustment

## 2 ULTRA SLIM DESIGN

At only 0.19" (5mm) deep, the mount virtually disappears behind the display

## 3 EASY INSTALLATION

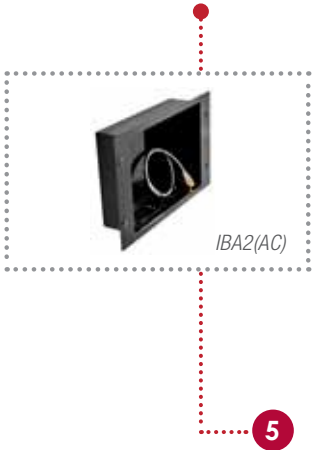

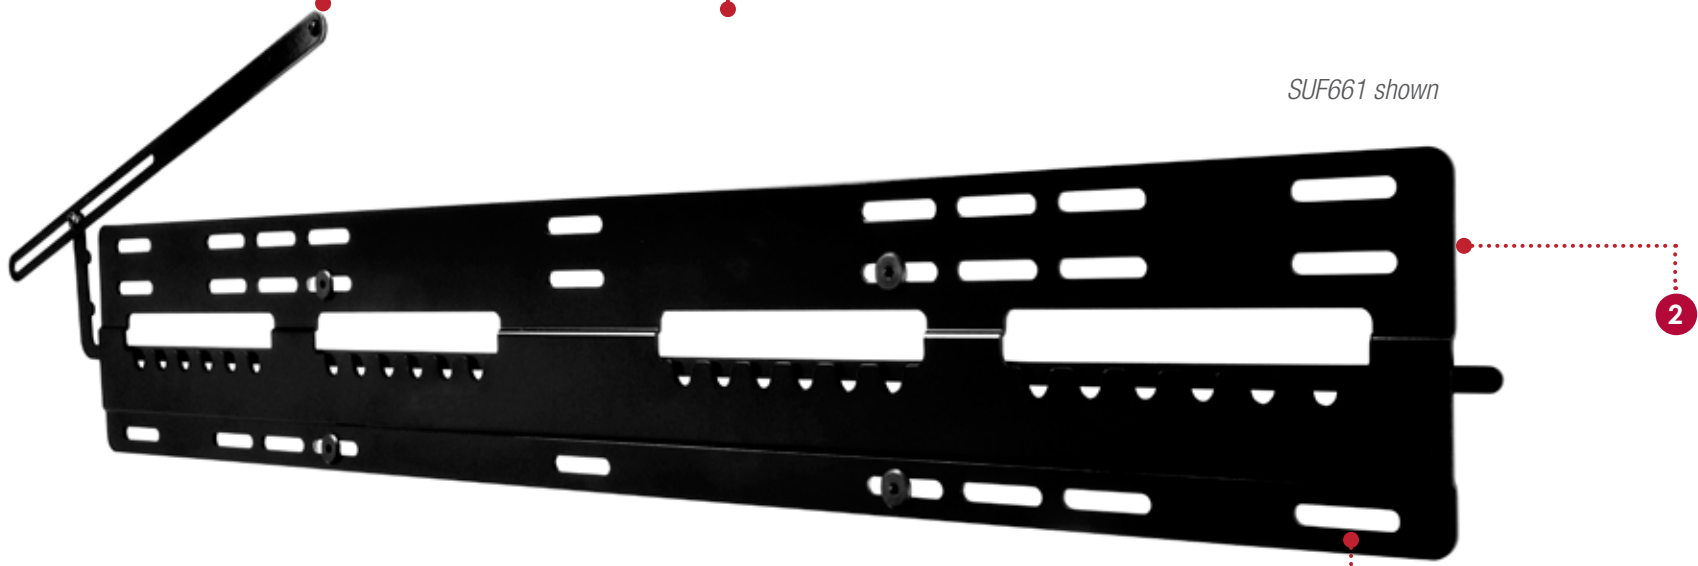

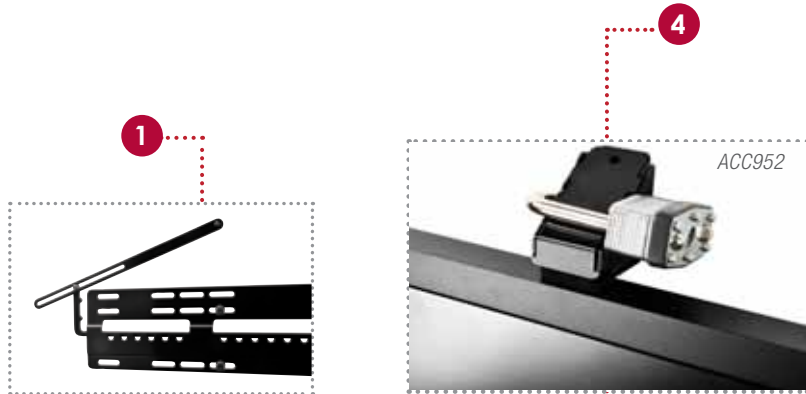

Simply install the wall plate, attach the display and slide in the locking arm

## 4 ABOVE DISPLAY SECURITY LOCK ACCESSORY (ACC952, sold separately)

Prevents the ultra-thin flat panel display from being lifted off of the SUF wall plate

## 5 IN-WALL ACCESSORY BOXES (sold separately)

Fitting behind the thinnest mounts and displays, the IBA boxes are designed to assist with cable management and electrical routing IBA2(AC)(-W), IBA3(AC)(-W), IBA4-W, IBA5-W

# Ultra Slim TILT

0.68"  
From the Wall

The ultra slim tilt mounts are the thinnest tilting wall mounts in the industry. A simple three-step installation process with a hook-and-hang display attachment saves time and effort on every mount installed. The unique and stylish ultra slim tilt mounts feature a state-of-the-art continuous tilt hinge mechanism that delivers a new level of tilting dynamics and an impressively slim profile. The use of innovative hinge technology lets the installer pull out the display up to 5.88" (149mm)\* away from the wall for ample two-handed access to the rear of the display for easier cable hook-up. These mounts provide the ultimate tilting low-profile display mounting solution.

- 1 INNOVATIVE TILT**  
Set-and-stay hinge mechanism allows for +17.5/-5° angle adjustment
- 2 ENHANCED BACK OF SCREEN ACCESS**  
Display extends up to 5.88" (149mm)\* from the wall allowing for both hands to be free for cable and power hook-up to the back of the display
- 3 ULTRA SLIM DESIGN**  
Holds display 0.68" (17mm) from the wall
- 4 EASY INSTALLATION**  
Simple hook-on design makes installation quick and easy
- 5 PERFECT DISPLAY PLACEMENT**  
Horizontal adjustment up to 8" (203mm)\*
- 6 WALL ACCESS**  
Open wall plate architecture increases cable management options

# Ultra Slim ARTICULATING

1.24"  
From the Wall with  
SUA765PU model

The ultra slim articulating wall mounts are the world's thinnest, full-motion mounts. These Peerless-AV ultra slim mounts are lightweight, pre-assembled, and offer a hook-and-hang display attachment that makes installation easy. After installation, the ultra slim articulating mounts will tilt, swivel and pivot the ultra thin display into virtually any position to achieve the perfect viewing angle. Highlighted by their ultra slim design, ease of installation and full articulating function, the ultra slim articulating mounts are the simple solution for maximizing the sleek appearance of ultra-thin display.

- 1 INNOVATIVE TILT**  
One-Touch™ tilt, +15°/-5°, allows for ideal viewing angles without the use of tools
- 2 FULL EXTENSION**  
Arm retracts to 1.24" (32mm) and extends up to 23.56" (598mm) from the wall with SUA765PU model
- 3 POST INSTALLATION LEVELING**  
±5° of roll offers a simple way to horizontally level the display with SUA737/746PU/751PU models
- 4 180° OF VIEWING POSSIBILITIES**  
Up to ±90° full side-to-side motion for flat panel displays up to 47" with SUA737/746PU/751PU models
- 5 1-2-3 INSTALLATION**  
Pre-assembled design for a quick and easy install
- 6 OPEN ARCHITECTURE**  
Open wall plate design increases cable management and power options
- 7 SOUNDBAR/CENTER CHANNEL ACCESSORY MOUNT** (ACC-SB, sold separately)  
Hooks onto the front of the display-side plate of any universal Peerless-AV SUA mount and easily adjusts for perfect soundbar placement

---

Peerless-AV supports the beauty of ultra-thin flat panels by reducing the space between the display and the wall, effectively instilling a touch of modern elegance to magnificent function. This comprehensive line of installer-friendly Universal Ultra Slim mounts are the vanguard of the industry, delivering the alluring ultra-thin aesthetic with remarkable flat, tilt and articulating functions. While the installation ultimately inherits the ultra-thin beauty, Peerless-AV provides the first-class installation experience.
